2023 PUBLICATIONS

## MESSAGE FROM THE UNIVERSITY LIBRARIAN

Congratulations to all the authors and creators we recognize at the 2023 Celebration of SFU Authors. This is the 18<sup>th</sup> year that we have come together to reflect on the contributions made by members of the SFU community through book, chapter, and other significant publications over the past year.

And what a year it has been—we include more than 120 works authored by faculty members, students, staff, postdoctoral fellows, alumni, and retirees. The variety of subjects, forms and genres is testament to the creativity and scholarship of our community. It includes new knowledge in dozens of fields—works from education, chemistry, librarianship, economics, history, health, and more. And the list spans academic works, poetry, children’s books, fiction, and some experimental forms. We are delighted to see an ever-growing number of publications by SFU alumni included in our list. We welcome you back to celebrate this important milestone with your university community.

It is a great pleasure for the library to host this event each year. Thanks to all of you for celebrating with us.

A handwritten signature in black ink, appearing to read 'Gwen Bird'.

*Gwen Bird*  
*University Librarian & Dean of Libraries*

*The list includes publications by SFU students, staff, alumni and current and retired faculty from January 1, 2023 to December 31, 2023.*

*We regret any discrepancies or omissions.*
