

Thesis Publication Postponement Request

Application is hereby made that digital access to the thesis/ project / essay named below be postponed under the terms set out in Graduate General Regulation 1.11.3.

Please complete the following form and email it to defence@sfu.ca **at least 30 days before the defence date**. If approved, this form needs to be included in your submission to the library thesis registration system and “Postponement being requested” must be selected to “yes.” If these steps are not followed, your thesis will be published and accessible online.

Please note: Once a postponement has been submitted and uploaded to the thesis registration system, the thesis will not be made public until one year after the defence date. Requests for earlier publication will not be granted. If an additional postponement is needed, a request for an extension is required.
