Custodial history

The collection was acquired by Simon Fraser Special Collections and Rare Books, presumably from the book seller who assembled the materials, however it is believed to have been folded in with the purchase of multiple collections so an exact date of acquisition/name of creator is not known.

Scope and content

The collection consists of photographic images and printed materials relating to the life and death of E. Pauline Johnson. Some of the material is associated with her sister, Evelyn Johnson, but the provenance and nature of compilation is largely unknown.

Series descriptions

Series MsC-175-0-1: Photographs

Date: [19--] (date of creation)

Scope and content:

The series consists primarily of photographs relating to Stanley Park and the burial site of E. Pauline Johnson. All but one hand-coloured photo postcard are black and white images, most have notes written on the reverse which approximately date the series between about 1905-1913. One postcard can only be dated to after-1922 because that is the year the stone memorial was built. Pauline's sister Evelyn is thought to have written some of the identifying information on the reverse of some images, and features in at least one of them.
